### About Webinar

In an era where global supply chains are increasingly complex and exposed to various risks, ensuring robust internal controls is not just a regulatory requirement but a strategic necessity. Join us for an enlightening webinar designed to empower professionals with the essential knowledge and practical strategies required to implement, assess, and enhance key internal controls within the supply chain audit process. This session is tailored for supply chain managers, auditors, finance professionals, and anyone keen on fortifying the backbone of their supply chain operations.
